Highlights

AirStudio+ App

AirStudio+ allows you to stream music from a mobile device, like your smartphone or tablet, to the Wireless Hi-Fi Speaker. Available from the Apple App store and Google Play, the App automatically detects mobile and other compatible devices connected to your home Wi-Fi network, giving you instant control of your music. Control music playback, volume and sound settings, as well as online music services and Internet radio from any device, anywhere.

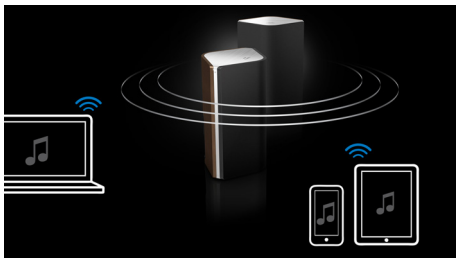
4 audiophile-grade drivers

The speaker features two tweeters and two Hi-Fi mid-range drivers. These top-quality components are optimally positioned in order to perfectly deliver dynamically immersive sound.

Online music service

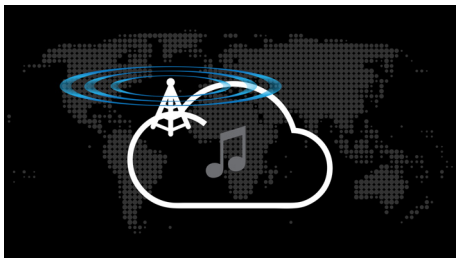
Getting a subscription to online music services is one of the best ways to get your hands on a variety of music, including the latest releases. You can also access music anytime, anywhere, as long as there is an Internet connection. With the Philips Wireless Hi-Fi, you don't even need to turn on your computer to enjoy the online music service.

Wirelessly stream music



Stream all your music wirelessly from your smartphone, tablet or computer – from anywhere at home. Fidelio Wireless Hi-Fi comes with AirStudio app, available both for Android and Apple devices, so you can share wirelessly all the music stored in your mobile device and enjoy it in high-fidelity sound at home. It also features MediaManager, a PC and Mac compatible software, that allows you easy access to your entire music library stored on your computer. Simply select the folders you want to access or share, or leave it to MediaManager to automatically import your iTunes™ music library.

Internet radio stations



The Fidelio Wireless Hi-Fi lets you enjoy more than 30,000 online radio stations from all across the globe. Expand your musical horizons by discovering great stations by genre or by country, or pick your favorite stations from the vast selection available right at your fingertips. It's super easy too – every Fidelio Wireless Hi-Fi features direct access keys to any station.
